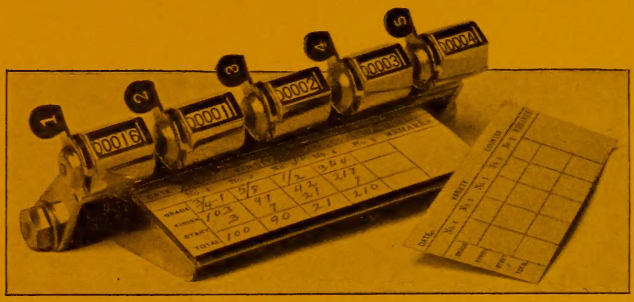
"TO THE NURSERYMEN WHAT THE ADDING MACHINE IS TO THE BANKS"



THE CHASE TREE COUNTER

STRONG, IMPROVED MODEL. ACCURATE.
GUARANTEED AGAINST BREAKAGE FOR TWO YEARS.

Made in two sizes, four-dial and five-dial. Accurate, quick, no guess work. Place in the hands of a good man and as he passes down the row he presses the lever which indicates the grade of the tree. When through with a variety, the dials show the total number of each grade in the block, the only method of taking a correct grade in the field. One thousand record cards furnished with each machine.

PRICES:

FOUR-DIAL MACHINE, with 1000 record cards delivered $18.00
FIVE-DIAL MACHINE, with 1000 record cards delivered 22.00
EXTRA RECORD CARDS. Correct size, printed like cut, 65 cents for 500, $1.10 per 1000, postpaid.

A FEW EXPRESSIONS ON

THE CHASE TREE COUNTER

MONTICELLO, FLA.—We find your counter absolutely correct and very substantial, standing a lot of rough usage. To show what it saved us this season we will state; our stock was fully 100 per cent. more than last year; with that counter one man made the grade count in less time than it took two men to count last year's stock. It easily paid for itself this season. We would not be without it.

ARCADIA NURSERIES.

MONTICELLO, FLA.—Your tree counter is a decided help. It is correct, it is practical.

NUT NURSERY CO.

HUNTSVILLE, ALA.—To-day I had occasion to use the counter and only now fully realize the superiority of the new style over the old, both in durability of levers and their limit of motion; they MAKE THE MARK and STOP. It would require very rough handling to break the machine or get the mechanism out of order.

JOHN FRASER.

CHARLES CITY, IOWA—We would not know how to get along without your counter. It is not easily broken and is certainly accurate.

C. G. PATTEN & SON.

SALEM, ORE.—The tree counters, (two machines) bought from you last year did not get out of order, they were very satisfactory in every way, they are great help. We think them a great improvement over the old style.

OREGON NURSERY CO.

SHENANDOAH, IOWA—The tree counter received from you this fall has been tested and is certainly a great saving in taking account of stock in the nursery. It at least saves half the labor and is more accurate and more satisfactory all around than the old system.

D. S. LAKE.

GLEN ST. MARY, FLA.—The new counter (10 dials $42.00) has just come in. It looks all right, works all right, and it will do the work we want it to do.

Sincerely yours,

GLEN ST. MARY NURSERIES,

H. Harold Hume, V. P. and Treas.

A dozen years ago they bought one and liked it well enough to buy another. Now they write like this: "You will remember we have used one of your old style counters ten or twelve years. We find the new dials very much more satisfactory in every way. It is the best machine of the kind we know of and we cannot well get along without it."

H. Harold Hume, V. P. and Treas.

This little machine is now saving money and doing accurate work for over sixty of the progressive nurserymen.
